

My dear sponsor,

loving regards to you and your family. How are you and all at home?

Merry Christmas and a happy New year 2018. May Infant Jesus come to your home and bring love and peace in your family.

I am fine and my family is also good. Ist semester got over and I did very well in the exam. I got A+ grade.

Now Christmas season is near. I am participating in Christmas programmes held in our church like games, singing, dancing, etc. I participated in the school parade. I took part in Spell B competition and got an outstanding certificate. I and my family remember you and your family in our daily prayers.

I and my family are enjoying Christmas vacations.

I am waiting for your letters. I want to know you and about your family members.

I wish you once again a Merry Christmas and a Happy New Year 2018.

- Your Loving Child
